SUPPORTING MEMORANDUM

This memorandum is in support of my Motion for Reconsideration of Compassionate Release currently before this honorable court. It is to serve as an update to my medical condition and lack of medical care. On May 2nd, 2023 I emailed health services in reference to why I had not been seen by Neurology at Duke University for my brain tumors. As this court is well aware, I received 3 extensions on my self surrender to get testing done at the University of Pennsylvania in Philadelphia Pennsylvania. The University of Pennsylvania informed me that through their specialized testing they were able to locate AVM's on my brain. On May 4th I received a response stating that the BOP conducted an MRI and there was no brain mass detected. They canceled my Appointment with Neurology over a year ago. The actions here show complete deliberate indifference towards a serious medical condition. In the past I have submitted letters from my Dr's to the BOP stating that I had brain tumors and I needed to be taken care of. This Honorable Court is in possession of those letters. It is also documented on my Duke University Record that I have Brain tumors, which the BOP has. I have also submitted my most recent team sheet which says that they do not have a copy of my medical records. I have been incarcerated since November of 2020. My medical records are vital to my care and the BOP still has not gotten them. I should have been seen by Neurology over a year ago not only for my brain avm's but my stroke as well. The BOP is completely falsifying and downplaying my condition. Had they received my medical records they would have had all this information. Their actions show a complete lack of care in just this situation alone. They are placing my life at risk. I will never be the same person I was before I was incarcerated. Their actions have caused my body to be debilitated at a rapid rate. I also still have not seen anyone since August when I was determined to have hearing loss from my Stroke, and I am in need of a hearing aid. 9 months is a long time for a disability to be left untreated especially because I have difficulty hearing. I also emailed medical about this and they told me they couldn't answer my question.

The lack of care and Deliberate Indifference has violated my Constitutional Rights. Since I last submitted for Reconsideration I have filed several Tort Claims as well as a 1983/Bivens Civil Rights Complaint against several BOP employees (Mark Eric Icker v. Dr. Michael Nwude, et al. Western District of North Carolina No. 5:23-CT-3134-M) for Deliberate Indifference and lack of care. I have attached a Motion from the 4th Circuit showing the Civil rights complaint.

The Government had previously stated that I am receiving excellent and attentive care and my conditions and symptoms are well controlled. On my latest Individualized Needs plan its states that I am a Care Level 3 Unstable, complex chronic care. The BOP previously falsified my Care level to make it appear that my condition was "stable" when in fact it never was. My needs plan also shows "no paper medical record" proving that they never got my Medical Records. I have also completed my Financial Responsibility payment. I am still assessed as a minimum risk recidivism level and well as a minimum on all my scores. I have completed over 30 education courses, as well as multiple FSA courses. I have no Incident Reports and maintain exemplary conduct.

I have now filed even more administrative remedies pleading for help only to be denied. I have not been seen since November by medical, with an Unstable terminal heart condition, as well as multiple other ailments this court is aware of. My blood pressure is still unstable and has not been checked by staff since then either. Since I started filing administrative Remedies I have been harassed and retaliated against for doing so. Several Officers and Lieutenants have either verbally assaulted me or "trashed" my room damaging my personal property. I have filed tort claims on these incidents as well as administrative remedies. I was recently told by a staff member to "sit down somewhere" because "you're pissing off the higher ups because they have to do work". I was also told they were threatening to transfer me. All of my Administrative remedies allege misconduct by staff and are substantiated by the policy that was violated.

Given the above as well as my current Motion for Reconsideration of Compassionate Release, I plead with this Honorable court to help me. I fear for my health and life. I am respectfully requesting to be transferred to home confinement so that I can get the medical care I need to survive. I am not a danger to society and there is nothing to support that I would be.

Dear Mr. Icker,

Our office has received and filed your complaint. Your case has been given the above-indicated docket number. **Please use this number when submitting documents for filing in this case.**

If your address changes, a notice of your change of address should be sent to the Clerk's office.

If you want a copy of a filing returned to you, a stamped, self-addressed envelope and an extra copy of the document must be provided.

Upon receipt, your documents are scanned and the scanned copy becomes the official record of the court. To assist with the best possible scan, please adhere to the following.

- Use 8 1/2" by 11" white, paper.
- All documents must include an original signature. The "/s/ typed name" is for electronic filers only.

Respectfully those findings are incorrect. I was seeing a specialist at the University of Pennsylvania prior to my self surrender when I was informed that I had brain tumors from my HHT. To my knowledge my medical records from there still have not been obtained. It is well documented that I have brain tumors, and I even submitted letters from my Dr's to medical for them to process my bottom bunk pass. It is also on my records from Duke University that I have brain tumors.

I previously emailed in late March inquiring why I have not had a workup for my Brain Tumors at Duke. I received no response. They had recommended me to see a neurologist last year when I saw them in February. What happened to that recommendation and why have I not seen neurology for my brain tumors? This is a serious medical condition especially because I have had a stroke.

I am unable to answer that question  
We are only in charge of entering the consult not scheduling  
You do have a pending consult to see the specialist  
Once scheduled you will be placed on HAP move

I was sent to the audiologist last year in august. I have difficulty hearing on my right side. It has been over 9 months and i have heard nothing and have not seen anyone. Not being able to hear properly is a disability and This is a long delay to get a hearing aid for something so serious. When will I be seeing someone to address this?

Dear Clerk of Courts,

Please add this as evidence/exhibits to my current Motion for Reconsideration of Compassionate Release, that is before this honorable court. Thank you for your assistance in this matter.
